Nadia Granata

Worked in the same group as me during UX/UI Bootcamp:

Louise is one of the most cheerful people I've ever met. I've had the pleasure of working with her on 3 group projects and her enthusiasm and commitment to the UX design process makes her an asset to any team. She is thorough and thoughtful when it comes to researching users' pain points. Louise is able to effectively communicate users' needs through information architecture and translate that into her wireframes and prototyping. She will no doubt be a welcome addition to any company or UX team. Not only is she an exceptionable UX designer, she is an amazing friend colleague.
